59	TEXTILE/FASHION	Turkey	INTERTEKS DIS TICARET AS	Seda Dicle	Internet Textile is a vertically integrated company, the production starts from yarn up to garment and all fabric productions, print, embroidery and production is in-house . And monthly capacity is for now approximately 1 million pieces. We are exporting to Europe for 19 years.They are qualified to produce your goods as trousers, dress, toddlers, t shirts, sweatshirts, pants, maternity, sports so all circular knits also some goods for woven garni fabric like poloshirts. They have power on the prices when you compare with another Turkish supplier because they have integrated system also the factory is located in the southeastern part of Turkey which means lower labor cost. Beside this price advantage they have chance to make fabric blocks to work never out of stock goods (NOS) because they have fabric house in house also as an additional service we have 5 designers in house and they are serving for desingns. They have print house internally and we can produce foil, high density, paper print, water based pigment print, discharge print, glitter, flock, transfer so means every print they can produce in house.	Direct customers	www.internettekstil.com.tr
